Bio

Dr. Sivarajah is a Reader (Associate Professor) in Technology Management and Circular Economy at the School of Management, University of Bradford, United Kingdom. He is also the current Head of Logistics, Supply Chain and Technology Research Centre. Prior to this role, he was a Lecturer in Operations and Information Systems Management and a Senior Research Fellow at the Business School in Brunel University London.

Sankar has published widely in leading international journals and continues to enjoy teaching at undergraduate, postgraduate and executive level. His current research interests include exploring the emergent role of digital technologies in the circular economy, information systems evaluation, and digital governance. He is an investigator of several multi-million-pound R&D projects funded by the European Commission (FP7, H2020, Marie Curie) addressing societal challenges surrounding themes such as Energy Efficient Smart Cities, Green Data Centres, Social Innovation and Participatory Budgeting. He actively publishes in leading peer-reviewed journals such as Journal of Business Research, Information Systems Frontiers, Computers in Human Behaviour and Government Information Quarterly and is also invited member of editorial advisory board of journals. His research has also been featured in leading media/trade publications such as Computer Weekly, PublicFinance, UKauthority etc.

He has a PhD in the area of technology management and evaluation from Brunel University London. Prior to his PhD, he was awarded a MSc in Management with distinction from Cass Business School (CASS), City University of London and a first-class honours BSc degree in Business and Management (Computing) from Brunel University. He was also awarded by CASS an honorary membership to the Beta Gamma Sigma (BGS) society, an international honour society recognizing business excellence.

He is a member of British Academy of Management (BAM) and Association for Information Systems (AIS). He is also a Fellow of the UK Higher Education Academy (FHEA).
